2021 Impact Report

Serving the community for over 145 years by strengthening the animal-human bond by promoting and providing for the well-being of animals.
Dear friends-

2021 was yet another unprecedented year in both animal welfare and in general. The wellbeing of the animals and humans in our community is in the forefront of our minds and operations. We, in turn, are fortunate enough to have the support of an incredible group of community members standing behind our mission and the vital work we do. So, when we’re asked, “How are you doing at MHS?,” we feel incredibly fortunate to say, “We are stronger than ever.”

Our positive financial and operational position allows us to provide relief for not only our own community, but also to overcrowded animal shelters in the South, with devastating hurricanes this past year making our work even more essential. We are proud to say that we had a record number of pet adoptions in 2021 thanks in part to our highly successful transport program.

In addition, our Animal Safety Net Program met the needs of more people and animals than ever. We took in many beloved pets while owners struggled with homelessness, fled domestic violence, or sought treatment for addiction, and worked to turn their lives around.

We will continue to be the strongest animal advocates in our region and are excited to share some of the growth that is already happening to ensure this:

- Our vet, Michelle, is now full-time. This has allowed us to provide weekly low cost spay/neuter clinics to meet the high demand for this service.
- Our brand new Low Cost Pet Vaccine Clinics for income eligible residents, is up and running. 83% of people who attended our spay/neuter clinics self-disclosed that they could not afford regular veterinary care. This program is going to provide an invaluable service to the community.
- We have hired Beth Doyle into our newly created Humane Agent position. She is partnering with law enforcement on cruelty cases and animal welfare needs. Since she was hired in this role, she has already tackled a feral cat colony in our region, allowing us to provide help for over 130 cats.

Included in this report are our six new Strategic Priorities. We will work towards these new goals as we approach MHS’s very exciting 150th birthday in 2025. We look forward to celebrating this exciting milestone with all of you who have helped make it a reality.

We couldn’t be more grateful to supporters like you who make our important work possible. We hope you enjoy reading about our successes as an organization in 2021. If you would like more detail on any of our programs, please reach out to Kathy at her direct line 603-354-4010. She is always happy to speak with you, our loyal friends and supporters.

Very sincerely yours,

Kathy Collinsworth
Executive Director

Very sincerely yours,

Wesley Wratchford
Board Chair

We greatly appreciate the many businesses and individuals who donate services and items and sponsor our events. Because of that generosity, we can put our financial resources into fulfilling our vital mission. THANK YOU!
Rachel Brostrom  
**MHS Training Center Manager**

Rachel has been with MHS for 16 years and has truly built an award-winning Training program. She has managed the programs and the trainers through significant growth and success. She has increased the Training Center programs by 15% and it is our biggest profit center that supports our shelter operations (outside of fundraising). Rachel has a very outgoing energy that she brings to her customers and the overall team at MHS. She truly cares about all departments at MHS and will support in any way she can. Recently, she has provided assistance to an elderly woman who adopted one of our dogs who was struggling with some training issues - she took time to do this at no cost due to financial limitations for the woman.

Joseph James  
**MHS Facilities Manager**

Joe is one of those people who just gets the job done. No drama. No fuss. No pushback. He has a pragmatic, problem-solving attitude. And, you can always count on him. Always.

2021 Happy Tails

**Speedy** - Pictured on Front Cover

Last July, Speedy, a tiny, semi-feral orange kitten, was rescued by a Good Samaritan after they witnessed him being hit by a car. Thanks to a local vet and Monadnock Humane Society, Speedy was saved, though he ultimately needed amputation of one of his front legs. He recovered and grew strong and social in his foster home and was later adopted by friends of his foster family just in time for the holidays. We are excited to share an update from his adoptive family, who are enamored with their new family member:

“I now fully understand why this energetic little boy was dubbed Speedy. At first I believed it to be a bit of dark humor, (which I can appreciate), given his “disability”.

But I soon realized that he is, indeed, the fastest Cat in the West (or East, as the case may be). He flies around everywhere and even though he may have a slip or a fall, nothing slows him down. He is very well adjusted and full of eagerness and pride. He now goes by the name Sonny aka The Ginger Ninja.

He is in love with both of his brothers, Kitty and Tiger, and they give him lots of love and daily baths in return. He has claimed the top perch on the Cat Tree and the best spot for Squirrel watching in front of the slider. He and Bugsy the Red Squirrel have a love/hate relationship.

I am so happy that he is a part of our family now and I will be forever grateful for all that you did to save him, as well as all of the time Alyce dedicated to fostering him and teaching him how to trust again. Just know that he is doing wonderfully and we can’t imagine life without him!”
Susan Peterson Named MHS Volunteer of the Year for 2021

Nominated by a record number of fellow volunteers and staff members, Susan Peterson is named the 2021 MHS Volunteer of the Year. A friend of Susan and long-time MHS supporter, Suzanne Mieso says, "It is my honor and pleasure to write this letter of recommendation for Susan Peterson as I believe she would be an excellent candidate for the outstanding MHS volunteer. Susan is a standout citizen in her community with a strong sense of self and purpose!"

We couldn’t agree more and we are extremely lucky to be able to count on Susan as one of our dedicated volunteers.

We asked Susan what it means to her to volunteer with MHS, and here is what she had to say: "Being named MHS Volunteer of the Year for 2021, is heartwarming. The hours I spend with the small animals, cats and dogs give me a feeling of love and fulfillment. It’s all about giving back to community, staff and most importantly, the animals. Thank you. I am grateful."

88 Volunteers
Contributed 8,968 hours during 2021

191 Animals in Foster Care
191 animals (cats, kittens, dogs, puppies) were placed in 36 different foster families in 2021.

**The Jennie B. Powers Legacy Society**

MHS has worked to build a compassionate community for people and animals since 1875, when a daring woman named Jennie B. Powers walked the back roads of the Monadnock region and worked tirelessly in defense of animals, women, and children, helping the deputy sheriff bring justice for these vulnerable populations. We have created a Society for those who are committed to continue the work of Jennie by joining the new Jennie B. Powers Legacy Society through planned giving strategies.

*If you are interested in exploring planned giving options through the MHS Jennie B. Powers Legacy Society, please contact our development office at 603.354.4014 or email us at development@humanecommunity.org.*
